Locations

Palmetto School of Career Development has 3 locations across South Carolina. Our main campus is located at 2183 Ashley Phosphate Rd. Suite A., with branch campuses located in Columbia SC, and Myrtle Beach SC. A comprehensive list of all of our training locations are listed below.

Training Locations South Carolina:

Main Campus - Charleston

Lecture/Classroom: 2183 Ashley Phosphate Rd. Suite A
North Charleston, SC 29406
Clinical/Lab: 9565 US-78
Ladson, SC 29456

Branch - Columbia

Lecture/Classroom: 7001 St. Andrews Rd., Suite 5A
Columbia, SC 29212
Clinical/Lab: 7241 Broad River Rd. Suite 90
Irmo, SC 29063

Branch - Myrtle Beach

Lecture/Classroom: 854 Jason Blvd. Unit D
Myrtle Beach, SC 29577
Clinical/Lab: 1321 44th Ave. North
Myrtle Beach, SC 29577

I certify that this catalog/handbook/bulletin is true and correct in content and policy.

Brief History

Palmetto School of Career Development was founded in 2010 by three partners with the goal of providing education and hands-on experience to specialists in the dental office environment. PSCD quickly evolved and expanded their curricula to offer that same practical and “real world” experience to other professional environments, including hospitals, pharmacies, and physicians’ offices.

PSCD is currently operating in cities throughout South Carolina. Our schools and courses are approved by the South Carolina Commission on Higher Education.

Owner:

Palmetto School of Career Development, LLC

Governing Board:

Mark Baty

Dr. Courtney Shelbourne, DMD

Matthew Shelbourne

Disclosure:

Palmetto School of Career Development reserves the right to change program/course content, start dates, tuition, and to cancel programs/courses.

School Policies

Mission Statement

Palmetto School of Career Development's (PSCD) mission is to ensure that our students have the fundamental tools needed to enter the professional workforce by adding skills, experience, and an education.

Goals

- We strive to improve the lives of our students by providing them with the skills, experience, and education necessary to obtain gainful employment in the career field of their choosing.
- We are committed to meeting the industry standards in all of the courses we offer.
- We aim to be responsive to the needs of our students, employers, and the community.
- We are dedicated to being responsible, good-standing members in each of the communities we serve.
- Each member of our school shall be familiar with and adhere to the code of ethics of the Council on Occupational Education (COE) and the State regulatory institutions.

Entrance/Eligibility Requirements

Admission is open to any qualified applicant. No qualified person may be excluded from enrollment in the PSCD training program based on age, race, gender, disability, or national origin. Applicants must meet the following requirements:

1. Have an interest in the chosen program/course of study
2. Be at least 18 years of age or have written permission of parents or guardians
3. Graduation from a public or private high school that operates in compliance with State or local laws or a certificate of high school equivalency (GED).

Admissions/Application Process

Applicants interested in applying for entry to any offered program/course of study who meet the above entrance/eligibility requirements may apply by completing the following application process:

1. Have an in-person interview with a school representative
2. Provide proof of entrance/eligibility requirements
3. Submit a signed Enrollment Agreement (Admissions are made on a rolling basis)

Admissions/Application Process for Special Needs Students

Hearing Impaired Students

In the event a student is hearing impaired and requires extra accommodations, Palmetto School of Career Development will hire an ASL interpreter from the local area to attend every class and clinical session. This interpreter will also be made available for any extra-curricular sessions the student might require with the instructor for remedial work or with a career adviser during job placement.

Visually Impaired Students

In the event a student is visually impaired and requires extra accommodations, Palmetto School of Career Development will provide all materials related to the class in a Braille format, if necessary. This includes textbooks, printed materials, and any other visually-based materials which may be a part of the class. Should the student require a personal guide, one will be provided to assist the student in a one-on-one manner. Should a student that is visually impaired require a service animal to be present during class, we will make any accommodation necessary for said service animal, provided they are licensed and trained by a federal, state, or municipal regulatory agency.

Transfer or Granting of Credit

Palmetto School of Career Development does not offer transferable credits to students wishing to continue their education in a traditional college setting. Because of the short length of our programs, PSCD does not accept transferable credits from other institutions.

PSCD will provide students with transcripts, but there is no guarantee that credits from PSCD will transfer to another institution.

Language of Training

All courses are offered only in English. PSCD does not offer English as Second Language instruction.

Copyright Infringement Policy

The unauthorized use, installation, copying, and or distribution of copyrighted, trademarked, or patented material is expressly prohibited. Violation of this law and school policy will result in disciplinary action up to and including dismissal.

Tuition and Payment Plans

Registration

A deposit of \$200.00 is due at the time the enrollment agreement is submitted and is applied to the tuition cost. Of this \$200 deposit, \$100 is considered an application fee, which is retainable three (3) business days after signing the Enrollment Agreement.

Tuition

Tuition costs are unique to each program/course offered (See the Tuition section under the program/course listing). Of the tuition cost for each program/course, \$200.00 is a deposit, due at the time the enrollment agreement is submitted, \$100.00 of which is a retainable application fee, three (3) business days after signing the Enrollment Agreement. It is required that payment be made in full by or on the orientation date listed on student's Enrollment Agreement if no special payment arrangements have been made prior to that date.

Payment Plans

Administration Fees

PSCD does not charge administration fees for using credit cards.

Plans between the Student and Outside Lending Sources

Payment plans between the student and outside tuition lending sources must be arranged by or on the orientation date listed on student's Enrollment Agreement.

Lender Statement

Any holder (*lender*) of a consumer credit contract (*promissory note*) resulting from the enrollment of the student at the School is subject to all claims and defenses which the debtor/student could assert against the School. Recovery shall not exceed the amounts paid by or on the behalf of the debtor/student.

Plans Offered by PSCD

PSCD offers Private Pay, and WIOA payment plans to aid students facing financial constraints in an effort to provide all of its students the opportunity to learn and advance their career. Each student is allowed to choose the payment plan that he/she feels best suits his/her financial situation. However, students are cautioned that failure to remit payments on time will prohibit the student from attending class.

Payment Information

All payments must be made on or before the payment due dates outlined on the Student Enrollment Agreement. Payment can be made over the phone, brought into the location, or mailed into the location. Students will not be allowed to attend class if payments are not remitted on time.

Cancellations & Withdrawals

Cancellations by the School

Any student who enrolls in a program/course that is discontinued by the school shall receive a complete refund of all fees and/or tuition paid.

Withdrawals

Students are not required to give written notification to PSCD, either in person or by certified mail, of their intention to withdraw from a program/course. If no cancellation request is made prior to the start date of the program/course, and the student is absent for more than four (4) hours of class without explanation, PSCD will then consider the student to have withdrawn from the program/course. Refunds will be made in accordance with the Refund Policy.

Termination

If a student is terminated for any reason, PSCD will notify the student in writing, either in person or by certified mail. The termination date for refund computation purposes shall be the last date of actual attendance by the student or the start date for the class. Refunds will be made in accordance with the Refund Policy.

Refund Policy

The school shall adhere to the following refund policy in the event of notification of withdrawal by the student or termination by the school prior to completion of the course or program. All refunds will be made within 40 days of the cancellation or termination date (Date of Determination). The refund policy follows South Carolina Commission on Higher Education regulations.

Students that choose to withdraw from class after attending their first session, must notify their Career Advisor or the Admin office of their intent to drop. Students that do not attend any class and do not notify their Career Advisor or the Admin office of their intent to drop, will be considered cancels and drop paperwork will be initiated by the school. Refund calculations are made based on the following conditions:

Within Three (3) Days of Signing Enrollment Agreement

All monies will be refunded if the applicant is not accepted by the school or if the applicant cancels or is terminated by the school within three (3) business days of signing the Enrollment Agreement.

Three (3) or More Days of Signing Enrollment Agreement, but Before Attending First Class

Should a student be terminated or request cancellation three (3) or more business days after signing the Enrollment Agreement, but before attending the first class, all monies paid, less the retainable application fee of \$100.00, and the cost of any materials that are not reusable or equipment not returned to the administration office, will be refunded.

If No Notification Made Prior to Program/Course Start Date

An applicant not requesting cancellation by his/her specified program/course start date will be considered a student after attending the first class of that program/course. If no cancellation request is made prior to the start date of the program/course, and the student is absent for more than 4 hours of class without explanation, PSCD will then consider the student to have withdrawn from the program/course. All monies paid, less the retainable application fee of \$100.00 and the cost of any materials that are not reusable or equipment not returned to the administration office, will be refunded.

After Attending the First Class

If a student chooses to withdraw or is terminated from this program/course for any reason after attending the first class, refunds are based on the proration of tuition and percentage of program completed at withdrawal, up to 60% of the program, less the retainable application fee of \$100.00 and the cost of any materials that are not reusable or equipment not returned to the administration office. The cancellation or termination date for refund computation purposes shall be the date the student requested to withdraw/drop (Date of Determination) or the last date of actual attendance by the student if no request is made.

Below is a breakdown of what all is included in the total tuition:

Dental Assisting Chairside		Medical Admin Assisting	
Retainable registration fee	\$100	Retainable registration fee	\$100
<u>Remaining tuition</u>	<u>\$5,900</u>	Certification Exam	\$117
Total Tuition	\$6,000	<u>Remaining tuition</u>	<u>\$1,883</u>
		Total Tuition	\$2100
 Medical Billing and Coding		 Pharmacy Technician	
Retainable registration fee	\$100	Retainable registration fee	\$100
Certification Exam	\$117	Certification Exam	\$129
<u>Remaining tuition</u>	<u>\$3,283</u>	<u>Textbook</u>	<u>\$100</u>
<u>Total Tuition</u>	<u>\$3,500</u>	<u>Remaining Tuition</u>	<u>\$1,771</u>
		Total Tuition	\$2,100

Facilities

Administration Office

PSCD's administration office is located at 2183 Ashley Phosphate Rd. Suite A, North Charleston, SC 29406. The office is open from 8:00AM - 5:00PM daily, Monday through Friday and closed all federal holidays.

Main Campus

PSCD's main campus is located at 2183 Ashley Phosphate Rd. Suite A, North Charleston, SC 29406. The office is open from 9:00AM – 5:00PM daily, Monday through Friday and closed all federal holidays.

Training Facilities

Training facilities are dependent on the program/course (See the Class Format & Training Facility section under the program/course listing).

Charleston, SC

Lecture/Classroom portions of the program/courses are held at our main campus located at 2183 Ashley Phosphate Rd. Suite A. The office is approximately 1000 square foot, and equipped with computer stations and other multimedia equipment. The area seats 16-24 comfortably, depending on set up.

Clinical/Lab portions of the program/courses are held at Nicklas Dental located at 9565 US-78. The practice is approximately 2500 square foot and has dual operatory surgical suite with post-op area, two additional operatories, exam rooms, sterilization area, laboratory, x-ray facilities, and front desk area.

Columbia, SC

Lecture/Classroom portions of the program/courses are held at our branch located at 7001 St. Andrews Rd., Suite A5. The office is approximately 1000 square foot, and equipped with computer stations and other multimedia equipment. The area seats 16-24 comfortably, depending on set up.

Clinic/Lab portions of the program/courses are held at Crowns Now Dentistry located at 7241 Broad River Rd., Suite 90. The office is approximately 3600 square foot with six operatories, x-ray capabilities, laboratory, and front desk area.

Myrtle Beach, SC

Lecture/Classroom portions of the program/courses are held at our branch located at 854 Jason Blvd, Unit D. The office is approximately 800 square foot, and equipped with computer stations and other multimedia equipment. The area seats 16-24 comfortably, depending on set up.

Clinic/Lab portions of the program/courses are held at DocMark General and Cosmetic at 1321 44th Ave N. Myrtle Beach, SC 29577. The practice is approximately 2500 square foot. The office has six operatories with digital x-ray technology, sterilization center, laboratory, and office area.

Learning Materials

Required learning materials are unique to each program/course offered (See the Learning Materials section under the program/course listing).

Dress Code

Dress, grooming, personal cleanliness, and professional behavior standards contribute to the professional image you will present to your future employers, customers, and visitors. Good grooming and an attractive appearance are especially important for health care personnel. Therefore, while attending classes at PSCD, students are expected to dress in attire appropriate to the program/course in which they are enrolled and to behave in a professional and businesslike manner at all times.

Students enrolled in clinical programs/courses where lab hours are required as a portion of each class are required to wear school-provided scrubs and closed toed, no-slip shoes (no-mark sneakers, Dansko clogs, etc.) during each class session. Extremes in dress, hair, nails, and makeup should be avoided, especially during lab portions of class.

Rules of Conduct

Students are expected to conduct themselves in a professional manner and demonstrate respect for their instructors and fellow classmates at all times. PSCD administration reserves the right to terminate any student guilty of the following:

- Not complying with school rules and regulations
- Creating a safety hazard to other students
- Disobedient or disrespectful behavior to faculty members or other students
- Unsatisfactory academic progress
- Poor attendance
- Unprofessional conduct
- Failure to remit payments when due
- Cheating
- Falsifying records
- Breach of the enrollment agreement
- Entering any school site while under the influence or effects of alcohol, drugs, or narcotics of any kind
- Carrying a concealed or potentially dangerous weapon
- Sexual harassment
- Harassment of any kind including intimidation and discrimination

PSCD will notify the student in writing of the offense. The student will be required to meet with the Business Office Admin prior to returning to class. He/she will make a determination on whether to allow the student to continue in the program/course. If administration decides to terminate the student, refunds will be made in accordance with the school's Refund Policy.

Drug Free School & Workplace

PSCD has a zero tolerance for illegal drugs and alcohol. No student, instructor, employee, or administrator may be on any school premises under the influence of alcohol, drugs, or narcotics of any kind. Any individual displaying suspicious behavior or suspected to be under the influence of alcohol, drugs or narcotics will be subject to immediate dismissal/removal. The individual will be required to meet with the Business Office Admin prior to returning to class. Administration will make a determination on whether to allow the student to continue in the program/course. If administration decides to terminate the student, refunds will be made in accordance with the school's Refund Policy.

No smoking

There is no smoking permitted inside any PSCD location. Each location allows smoking outside during breaks. Ask an instructor or administrator if you are unsure of appropriate smoking areas.

Harassment Policy

PSCD will not tolerate harassment based on age, race, gender, color, religion, national origin, disability, marital status, covered veteran status, sexual orientation, status with respect to public assistance, and other characteristics protected under state, federal, or local law. Sexual harassment, one type of prohibited harassment, warrants special mention. Sexual harassment includes unwelcome sexual advances or offensive comments, gestures, or physical contact of a sexual nature. Such conduct is prohibited in any form on any PSCD premises. This policy applies to all students, instructors, employees, and administrators. Examples of prohibited harassment include, but are not limited to:

- Unwelcome sexual flirtation, advances, or propositions;
- Verbal comments related to an individual's age, race, gender, color, religion, national origin, disability, or sexual orientation;
- Explicit or degrading verbal comments about another individual or his/her appearance;
- The display of sexually suggestive pictures or objects in any workplace location including transmission or display via computer;
- Any sexually offensive or abusive physical conduct;
- The taking of or the refusal to take any personnel action based on an employee's submission to or rejection of sexual overtures; and
- Displaying cartoons or telling jokes which relate to an individual's age, race, gender, color, religion, national origin, disability, or sexual orientation.

If you believe that you are being subjected to harassment, tell the harasser that his or her actions are not welcome if you feel comfortable enough to do so, and report this and any additional incidents or retaliation to the administration office immediately. Any reported incident will be investigated immediately, thoroughly, and resolved as confidentially as possible.

Unresolved Disputes/Student Complaints

We expect that students, instructors, business office administrators and career advisors will maintain an attitude of respect, patience, dignity and attentiveness toward each other at all times.

We understand that there will be times when students need to register complaints or concerns. We take all concerns seriously and will respond quickly to find a resolution. In order to achieve efficient and satisfactory resolutions to concerns, we require our students to adhere to the following policy:

1. Students, instructors, business office administrators and career advisors are expected to address in person any disagreements or conflicts directly with each other first. Typically, open dialogue, and honest and respectful communication, can lead to quick and satisfying resolutions.
2. If, after communicating with the appropriate person(s), no satisfactory resolution is made, the complainant(s) should contact the corporate office at info@palmettoschool.com.
3. If satisfactory resolution still cannot be made, the student is invited to call or e-mail the CFO/COO at the PSCD Corporate Office in North Charleston, SC: Daniel Ledbetter danielledbetter@palmettoschool.com or call 855-432-2681. Please have all pertinent information ready to discuss, including the specific measures you have taken to resolve the matter.
4. The CFO/COO will review the situation and work with the parties to find a resolution.
5. All communications regarding the complaint will be captured in writing and all meetings and communications will be documented and kept in the student's file. Every attempt at a satisfactory resolution will be made.
6. A final resolution/determination will be given by the school.

For students attending class in South Carolina:

If the complaint cannot be resolved by the CFO/COO, the complainant(s) may contact the South Carolina Commission on Higher Education via this link:

http://www.che.sc.gov/CHE_Docs/AcademicAffairs/License/Complaint_procedures_and_form.pdf

Program/Course Curriculum

On the first day of class or at orientation (1 week prior to class) for each program/course, students will receive an outline of the course curriculum or syllabus, which lists reading assignments and acts as a study guide.

The Medical Director will review the curriculum at the end of each quarter and make recommendations for updates and/or changes that they feel would improve the effectiveness of the program and better prepare the graduating students for a smooth transition into the workplace. During this review, new standards and technologies will also be considered to be sure that students are receiving instruction relevant to tasks they will be expected to complete in their new occupation.

Attendance Policies

Absences

Students are expected to attend all clock hours of program/course instruction. Students must attend 95% of every program/course, in order to earn a certificate of completion or to graduate from the program/course. Failure to meet this requirement will result in termination from the program/course.

If emergencies or extraordinary circumstances occur, students are requested to speak with the Business Office Admin, who will arrange ways to make up the sessions that were missed.

Late Arrivals or Leaving Class Early

Arriving late or leaving early will be treated as absences. Missed coursework is to be made up by conferring with the Instructor.

Legal Holidays

Palmetto School of Career Development observes all Federal Holidays listed. All schools will be closed on Federal Holidays and classes will not be held.

- New Year's Day
- New Year's Eve
- Easter
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Day After Thanksgiving
- Christmas Day

Satisfactory Academic Progress

Starting after the first week of class, the Business Office Admin will begin to monitor each student's progress in the class by running weekly evaluation reports. The students will be notified weekly of their progress. If the student begins to show unsatisfactory progress of a current grade below 70%, the Business Office Admin will notify the student of their declining progress immediately. If they are still showing as unsatisfactory for 3 consecutive sessions, the Business Office Admin will set up a time to speak with the student to offer solutions to help the student improve their progress. Some solutions that may be offered include, but are not limited to: setting up private tutoring sessions with the lecture instructor and setting up private tutoring sessions with the clinical instructor. The student must maintain a GPA of at least 70% or they will be placed on an academic probation. Failure by the student to attain a cumulative GPA of at least a 70% during the probation period will result in academic suspension.

If a student receives a final grade of less than 70% in the program they are enrolled in, he/she will be notified with a written warning letter provided by the Business Office Admin that advises them to submit a written appeal before the start of the next class. The appeal should state the reason for the grade and steps the student can take to improve their grade. If the appeal is approved, the student and Business Office Admin will develop a plan to bring the student back to good standing. The plan will be monitored weekly. If the student is unable to maintain good standing, they will receive a dismissal letter terminating them from the program. If the student's initial appeal is denied, the student will be dismissed from the program and may be allowed to register for a different program.

Grading

An average grade of 70% is required in order to satisfactorily complete each program/course. Class work is graded as follows:

Excellent	90 – 100
Good	80 – 89
Fair	70 – 79
Failing	Below 70

Lab work is graded on a pass/fail basis. Competency in each task assigned must be demonstrated to the instructor for the student to pass the lab.

All written assignments will be graded and returned to the student to use as study aides for the Midterm and Final Exams. If at any time the student's average drops below 70%, the Business Office Admin will notify the student in person to speak about the options the student has to improve their overall grade.

Make-Up Work / Retest Policy

Students are expected to make-up all work necessary to meet their course objectives. Make-up for classroom objectives must be made in accordance with the Course Instructor. Hours can only be made up when absence was due to medical reasons or other extenuating circumstances and must be documented by presenting hospital or medical records, and release from a doctor, or other documentation explaining the absence.

If a student misses class, the student must contact the instructor via phone or e-mail immediately to make arrangements to take any assessments before returning to class. Make-up work and assessments should be completed within 7 calendar days from the absent date.

If a student misses clinical skills work, the student must contact the instructor via phone or e-mail immediately to make arrangements. Clinical skills make-up hours can be achieved by attending a class outside of student's current class schedule by week 18 of the course.

Students who do not meet with the instructor prior to returning to school to make arrangements will receive a grade of zero(0) for make-up work and assessments and will not be scheduled to any make-up work.

Students are not allowed to retake an assessment because they are not pleased with their grade. If a student has an issue with their assessment final grade, he or she needs to contact the instructor for further instruction.

Graduation/Certificates Awarded

Students will receive a Certificate of Completion upon satisfactory completion of all program/course requirements. In addition, there must be no outstanding balances owed to the school.

Records

Student records will be maintained permanently by the school, and computer files will be backed up regularly. The student's Certificate of Completion shall act as proof of program completion. The school's Administration Office can provide a copy of the student's certificate in the event the certificate is lost or damaged.

Transcripts will be maintained as a permanent record and shall be provided when requested as long as the student has satisfied all financial obligations currently due and payable to the school. Students can request a copy of their transcripts, free of charge, by contacting the school in which they graduated from.

Changes Made by the School

If the school cancels or changes a program/course or location in such a way that the student who has started is unable to complete training, arrangements will be made in a timely manner to accommodate the needs of each student enrolled in the program who is affected by the cancellation or change. If the school is unable to make alternative arrangements that are satisfactory to both parties, the school will refund all money paid by the student.

GI Bill Participants

Attendance Policy

Veterans enrolled in NCD programs will be interrupted for unsatisfactory attendance when accumulated absences, tardies, and class cuts exceed five (5) percent of class contact hours. The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran's last date of attendance (use VAF 22-1999b).

A veteran may be re-enrolled for benefits at the beginning of the term following interruption because of unsatisfactory attendance only when the cause of unsatisfactory attendance has been removed. Once re-enrolled, a veteran will be interrupted for unsatisfactory attendance when accumulated absences, tardies, and class cuts exceed five (5) percent of the remaining contact hours. The interruption will be reported to the Department of Veterans Affairs (VA) within 30 days of the veteran's last date of attendance (use VAF 22-1999b).

Veterans interrupted a second time for unsatisfactory attendance shall not be allowed to re-enroll for VA education benefits in the absence of mitigating circumstances.

Mitigating circumstances are issues which directly hinder a veteran's pursuit of a course/program of study, and which are judged to be beyond the student's control. General categories of mitigating circumstances include but are not limited to:

- Serious illness of the veteran
- Serious illness or death in the veteran's immediate family
- Emergency financial obligations or change of place of employment or work schedule which preclude pursuit of the course
- Active duty military service, including active duty for training.

Institutions having a published "Leave of Absence Policy" should discontinue VA education benefits (use VAF 22-1999b) while that student is on "official leave of absence".

Refund Policy

By authority of Title 38, United States Code of Federal Regulations 22.4255, Non-Accredited College and University programs are required to adhere to the following refund policy for veterans and others eligible for VA education benefits (collectively referred to as "veterans" within this policy). The policy will be listed as an addendum to the institution's catalog, bulletin, or handbook.

The school has and maintains a policy for the refund of the unused portion of tuition, fees, and other charges in the event the veteran:

- Fails to enter the program/course
- Withdraws, or
- Is discontinued therefrom at any time prior to completion of the program/course.

Such policy must provide that the amount charged to the veteran for tuition, fees, and other charges for a portion of the program/course shall not exceed the approximate pro-rata portion of the total charges for tuition, fees, and other charges that the length of the completed portion of the course/program bears to its total length, within the following

limitations:

- Registration Fee – An established registration fee in the amount not to exceed \$10.00 need not be subject to proration. When the established registration fee is more than \$10.00, the amount in excess of \$10.00 will be subject to proration.
- Prompt Refund – Refunds will be made promptly (within 40 days). Veterans are not required to file application for refund.

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veteran Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to;
- Require student secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Provide Chapter 33 Certificate of Eligibility (or its equivalent) or for Chapter 31, VA VR&E's contract with the school on VA Form 28-1905 by the first day of class.

#Note: Chapter 33 students can register at the VA Regional Office to use E-Benefits to get the equivalent of a Chapter 33 Certificate of Eligibility. Chapter 31 student cannot get a completed VA Form 28-1905 (or any equivalent) before the VA VR&E case-manager issues it to the school.

- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

Student Services

Housing

No housing arrangements are available.

Student Records

Student records maintained by the school are available upon written request. No records will be made available to employers, prospective employers, or other schools without a written request made by the student.

Family Educational Rights and Privacy Act

PSCD complies with the Family Educational Rights and Privacy Act of the 1974 Buckley Amendment, Public Law 93-380, and Section 438. All student records are confidential.

Placement

Neither enrollment in PSCD, nor completion of any of its programs/courses guarantees employment. Employment skills are integrated throughout the program. The final class focuses on resume writing, job search skills, and interview techniques. Students may request counseling and career information from the Business Office Admin. PSCD will provide its graduates with placement assistance and job leads upon graduation, but cannot guarantee job placement or employment.

Faculty and Administration

Medical Director:

Courtney Shelbourne, DMD

Board Certified Oral & Maxillofacial Surgeon, Medical University of South Carolina, 2001

Dental Resident, Yale-New Haven Hospital, 1997

Post-Doctoral Fellow, Yale Medical University, 1997

DMD, Medical University of South Carolina, 1996

B.S., Presbyterian College, 1991

Chief Financial Officer / Chief Operations Officer

Daniel Ledbetter

Operations Manager

Kim Joyner

Placement Coordinator

Lindsey Drummond

Digital Designer and Social Media Manager

Cheyenne Abrams

Career Advisors:

Charleston, SC – Brea Abraham

Columbia, SC – Shaindel Grant

Myrtle Beach, SC – Shaindel Grant

Business Office Administrators:

Colin Merrill

Instructors:

Charleston, SC

Christine Holt – CDA – Certified Dental Assistant through DANB, Cryant Institute – Dental Assisting

Nichole Johnson – Strayer University – Bachelor's in Business Administration, 15+ years experience

Shavonda Lee – Virginia College – Medical Billing and Coding, 4+ years experience

Le'Cheryl Purnell – AHIMA, Certified Healthcare Technology Specialist-Trainer – NCCT, Certified Post-Secondary Instructor

Stephanie Reese – Capella University – Healthcare Administration, 14+ years experience

Makeda Winston – University of Phoenix – Master of Health Administration/Informatics

Columbia, SC

Rosalind Brown – University of Phoenix – Bachelors of Science in Healthcare Administration

Pamela Chapman – South University – Associates in Medical Assisting

Abiteen Dickson – Dental Assistant – 5 years' experience

Rhonda Ford – Wayne County Community College District - Dental Assisting with Radiology Certification, DANB, CDA

Rinesha Grimes – Midlands Technical College – Expanded Duty Dental Assisting

Tamika Lawrence – Advanced Career Training – Dental Assisting, 5+ years' experience

Victoria Sweat – Midlands Technical College - Expanded Duty Dental Assisting

Shalena Thomas – Midlands Technical College – AAS, EDDA Diploma, 4+ years' experience

Michelle Wood – Midlands Technical College – AS in Dental Hygiene, RDH, CDA

Myrtle Beach, SC

Tiffany Alexander – Francis Marion University – Bachelors of Science Pre-Med, Coastal Carolina University – Bachelors of Science Biology, Palmetto School of Career Development, Dental Assisting Certificate of Completion

Cara Bianco – University of Pittsburg - Pharm. D.

Ashley Hamper – Palmetto School of Career Development – 3+ years' experience

Jana Leone-LaRose – University of Colorado – Bachelors of Science in Pharmacy

Amy McCormick – Southern Community College – Certificate in Medical Billing and Coding

Mary-Jo Miller – Healthcare Institute – Certified Phlebotomy Tech – Certified Billing and Coding Specialist

Amy Roonan – Horry Georgetown Technical College – Medical Billing and Coding, Certified Professional Coder

Course Numbering/Designation is as follows:

DAC = Chairside Dental Assisting Course
MAA = Medical Administrative Assisting Course
PHT = Pharmacy Technician Course
MBC = Medical Billing and Coding

PSCD Entry Level Chairside Dental Assistant Program

Chairside Dental Assisting with Radiation Health & Safety and Dental Administrative Assisting Course

About the Field

Dental assistants are responsible for a wide variety of tasks, both clerical and clinical, such as providing assistance with patient care, office duties, and laboratory procedures. Working as a dental assistant can be challenging and fast-paced work because of the diversity of job responsibilities. The dental assisting field generally requires physical work, moving throughout the office, and standing on one's feet for long periods of time. Successful candidates should be in good physical health because they are in close contact with the public.

Dental assistants are in charge of setting up for exams by sterilizing or disinfecting instruments and preparing tray setups for each exam. They get the patient ready for the exam and help to make him/her comfortable, retrieve patient files, and prepare the patient for treatment. Dental assistants are responsible for taking and developing x-rays, making teeth impressions, and mixing the substances needed to clean the teeth or for fillings. During the exam, the assistant works chair side with the dentist, handing them instruments as needed and using suction to clear the patient's mouth of excess saliva as the dentist works. Upon completion of the exam the assistant will instruct the patient on postoperative and general oral health care. Finally, the assistant will re-sterilize and maintain all the equipment and material after the examination. Additionally, the assistant may be required to make additional appointments for patients, maintain patient records, accept payments, keep inventory of supplies used within the practice, and to reorder supplies as necessary.

Students in this course will also receive dental administrative assistant training. Students will receive instruction in such topics as Dental Office Management software systems (EagleSoft), Dental Insurance, Dental Nomenclature, Charting, Family File Administration, Accounts Receivable & General Ledger, Patient Appointment Scheduling, Dental Office Equipment, Patient Treatment Plans, HIPAA and other regulatory mandates that affect dentistry.

According to the U.S. Department of Labor¹, because of rapid employment growth and substantial replacement needs, there should be good job opportunities for dental assistants nationally. Dental assistants can seek certification as provided by the "Dental Assistant National Board" (DANB), a membership organization, as a Certified Dental Assistant after meeting work experience requirements. For more information on certification, contact DANB directly by visiting their website (www.danb.org) or by calling 1-800-FOR-DANB. No state licensing or certification is required for an entry-level dental assistant to work in the state of South Carolina.

Goals and Objectives

Palmetto School of Career Development (PSCD) realizes that there is a high demand for dental assistants. Practitioners are often forced to hire individuals with little or no training and experience and then provide them with on-the-job training. PSCD has created a training program to meet the demands of the dental community. Our goal is to prepare students to go from the classroom to the workplace quickly by providing them with the hands-on training needed to work in a dental practice.

It is the objective of PSCD to provide training that focuses solely on the fundamental skills and knowledge required to work in a dental office. We strive to offer dental assistant training that allows an individual to complete training and seek employment in the shortest amount of time possible. Students are instructed in an actual dental office so they become familiar with the work environment before their first day of work as a dental assistant. Superior students with an overall grade of 90% and above, who demonstrate positive attitudes, will have the opportunity to participate in an optional 40-hour internship enabling these students to gain experience during his or her studies.

Upon successful completion of this course, the student will earn a certificate in Infection Control based on OSHA Regulatory Standards, become CPR certified, and earn a certificate of completion in Entry Level Chairside Dental Assisting and Dental Administrative Assisting. The student will be prepared to sit for the DANB Certified Dental Assistant (CDA) Exam once they have completed the amount of work experience required by DANB.

¹ Bureau of Labor Statistics, U.S. Department of Labor, Occupational Employment Statistics, [Sep. 01, 2015] [www.bls.gov/oes/]

Class Times/Course Dates

The lecture portion of each class will be held in the lecture/classroom facility for each location and the clinical/lab portions of each class will be held in an actual dental practice located near each school location. Instructors will divide students into groups and rotate those groups in operatories, sterilization, laboratory, or treatment rooms as necessary.

South Carolina Schools
****Unless Otherwise Indicated****
Saturdays 8am – 5pm
18 Weeks / 140 Hours

Class Schedule is located at the end of this catalog.

Classroom Format & Training Facility

Training is offered for 18 weeks in succession for a total of 140 clock hours. Classes will be held on Saturdays from 8:00AM – 12:00PM and 1:00PM – 5:00PM. This gives the student hands-on experience in all areas of dental assisting.

Lecture portions of the course are held in each location's lecture/classroom area which are equipped with multimedia equipment and seats 4-24 comfortably, depending on the location. Students will view slides presented by an instructor, and then have time for questions, answers, and review.

Clinical/lab portions of each class will be held in a clinical/laboratory setting in an actual dental practice near each school location, giving the student hands on instruction in a functioning dental practice. Instructors will divide students into groups and rotate those groups in operatories, sterilization, laboratory, or treatment rooms as necessary. Please refer to pages ii-iii, 3-5, or 14-15 to calculate the distance between lecture and clinical.

Learning Materials

Books & Texts

The following text is required for the Chairside Dental Assisting portion of this course.

Modern Dental Assisting(12th Edition) by Doni L. Bird CDA RDH MA; Debbie S. Robinson CDA MS
Hardcover, 1158 Pages, Published 2018 by Saunders
ISBN-13: 978-0-323-43030-2, ISBN: 0-323-43030-2

Books & Texts

The following text is required for the Dental Administrative Assisting portion of this course.

The Administrative Dental Assistant (4rd Edition) by Linda J. Gaylor RDA BPA MEd
Paperback, 305 Pages, Published 2017 by Saunders
ISBN-13: 978-0-323-29444-7, ISBN: 0-323-29444-7

Equipment Provided

Classes are held in a modern state of the art dental office with the latest equipment. The school provides each student with (1) pair of scrubs, protective eye wear (to be returned upon course completion), typodonts of human dentition (to be returned upon course completion), mirror and explorer (to be returned upon course completion), and student models of his/her dentition. Each student receives all disposable equipment and supplies needed to perform tasks. Students work in a treatment or specialty rooms in small groups so that each student has the opportunity to use the required tools and equipment in each room.

If the student decides to withdraw from the program/course, protective eye wear, typodonts, mirrors and explorers, and all unused materials must be returned to the location office. The cost of protective eyewear, and any reusable materials or equipment not returned to the administration office will be withheld from the refund amount and retained by PSCD to cover the cost of replacement.

Teaching Devices

Fully equipped dental operatories and/or treatment rooms
X-ray technology
Sterilization equipment
Fully equipped dental laboratory

Fully equipped office including computer, photocopy machine, fax, multiple phone lines

Audio/Visual Aids

DVD presentations of over 750 training images
Power Point Presentations

Tuition & Maximum Class Size

The total cost of the Chairside Dental Assisting Course with Radiology Certification is \$6000.00, excluding required texts. Of that cost, \$200.00 is a deposit, due at the time Enrollment Agreement is submitted, \$100.00 of which is retainable application fee three (3) business days after signing Enrollment Agreement. It is required that payment be made in full by or on the orientation date listed on student's Enrollment Agreement if no special payment arrangements have been made prior to that date. Cost subject to change without notice. Students must be 18 years or older to take the Radiation Safety course.

The maximum class size for this course is limited to 25 students per class start date. A minimum enrollment of 6 students is required for the class to begin.

Tuition Refund Schedule

If a student chooses to withdraw or is terminated from this program/course for any reason, refunds will be made in accordance with the school's Refund Policy.

Program Clock Hours

140 Clock Hours Total – 76 Lecture Hours & 64 Lab Hours

Our classes provide an overview of and introduction to the topics taught. The objective of each class is to provide students with the vocabulary used in the dental office, demonstrate the tasks performed in the office, and to allow students to practice these skills. These classes are short and are not intended to cover the subject matter in-depth. Each class is 4 hours in length and one clock hour equals 50 minutes of lecture or lab. The sequence of classes is shown below. The prerequisite for each class is satisfactory completion of the one preceding it.

Student Learning Outcomes

The student, upon successful completion of this course will have reliably demonstrated the ability to:

1. Demonstrate entry level skills in office etiquette and professionalism
2. Patient reception and dismissal
3. Maintain and manage patient records
4. Managing receivables and payables
5. Employ correct methods of verifying insurance and processing insurance claims
6. Appointment book control and managing recall systems
7. Communicate effectively using accurate dental terminology
8. Apply working knowledge of various dental procedures
9. Age and prepare outstanding account statements
10. Take dental impressions and molds
11. Identify and establish tray set ups
12. Take and develop x-rays
13. Understand Dental terminology

Legal Disclosures - SC

South Carolina

- Dental assistants have many tasks, ranging from patient care and taking x-rays to recordkeeping and scheduling appointments. Their duties vary by state and by the dentists' offices where they work. Dental assistants in SC, under the supervision of a licensed dentist, perform basic supportive dental procedures specified by the state dental practice act: <http://www.llr.state.sc.us/POL/Dentistry/>. General information about the occupation is available from the US Bureau of Labor Statistics <http://www.bls.gov/ooh/healthcare/dental-assistants.htm> and O*NET <http://www.onetonline.org/link/summary/31-9091.00>.
- Most dental assisting programs are offered by community colleges, take about one year to complete, and lead to a certificate or diploma. Programs offered by private vocational schools are shorter (two to three months) and less comprehensive than those offered by community colleges. Programs that last two years, also offered in community colleges, are less common and lead to an associate's degree.

- Dental assistants who do not have formal education in dental assisting may learn their duties through on-the-job training. A dental assistant or dentist in the office teaches the new assistant dental terminology, the names of the instruments, how to complete daily tasks, how to interact with patients, and other activities necessary to help keep the dental office running smoothly.
- South Carolina does not require that dental assistants graduate from an accredited program or pass a state exam. However, many dentists require the Certified Dental Assistant designation (CDA) for those employed as dental assistants.
- The dental assisting program at Palmetto School of Career Development is not CODA-accredited. For a list of accredited dental assistant programs, visit Commission on Dental Accreditation, American Dental Association (<http://www.ada.org/en/coda>). To become a CDA, graduates of this program must complete the requirements shown in Pathway II Below. For more information about becoming a CDA and for a list of state boards of dentistry, visit the Dental Assisting National Board, Inc. (DANB) (<http://www.danb.org>).
- Options for eligibility to take the DANB CDA certification exam are listed below.
 - o Pathway I:
 - Graduation from a CODA-accredited dental assisting or dental hygiene program, AND
 - Current CPR from a DANB-accepted provider
 - o Pathway II:
 - High School graduation or equivalent, AND
 - Minimum of 3,500 hours of approved work experience, AND
 - Current CPR from a DANB-accepted provider
 - o Pathway III:
 - Former DANB CDA status, or graduation from a CODA-accredited DDS or DMD program, or graduation from a dental degree program outside the U.S. or Canada, AND
 - Current CPR from a DANB-accepted provider.
- To perform expanded functions under the direct supervision of a licensed dentist, a dental assistant must earn status as an Expanded Duty Dental Assistant (EDDA). Acceptable credentials are:
 - o Diploma from a CODA-accredited dental assisting program or
 - o Complete two years of continuous full-time employment as a chair-side dental assistant
- To legally operate dental x-ray equipment and perform radiographic procedures in a South Carolina dental office, a dental assistant must hold a certificate documenting training acceptable to the SC Department of Health and Environmental Control (DHEC). Acceptable certificates include:
 - o Diploma from a CODA-accredited dental assisting program, or
 - o Dental Assisting National Board (DANB) Certified Dental Assistant (CDA) certification or the DANB Radiation Health and Safety (RHS) certificate of competency, or
 - o Certificate in radiation safety from the SC Dental Association (SCDA)
- Access Certification for Monitoring of Nitrous Oxide Sedation information on the website of the SC Board of Dentistry: <http://www.llr.state.sc.us/Pol/Dentistry/PDF/Policy/MonitNitrousOxideSedationPolicy.pdf>
- Graduates may expect to be employed at entry-level wage. Entry-level wages vary with employers; contact potential employers for specifics.

Pharmacy Technician Course

About The Field

Admission is open to any qualified applicant. No qualified person may be excluded from enrollment in the PSCD training program based on age, race, gender, disability, or national origin. Applicants must meet the following requirements:

1. Have an interest in the chosen program/course of study
2. Be at least 18 years of age or have written permission of parents or guardians
3. Provide proof of at least a high school diploma or GED prior to receiving certification

Goals and Objectives

The pharmacy technician program offered by Palmetto School of Career Development is a 12-week course enabling students to move from the classroom into the pharmaceutical field. The curriculum includes 36 hours of class. Superior students with an overall grade of 90% and above, who demonstrate positive attitudes, will have the opportunity to participate in an optional 40-hour internship enabling the student to gain experience during his or her studies. Instruction includes processing and recognition of orders; NDA process; order, maintenance and control of inventory; pharmacy calculation; sterile product compounding; pharmacology; pharmacokinetics; HIPAA; and regulatory mandates and laws.

It is the objective of PSCD to provide training that focuses solely on the fundamental skills and knowledge required to work in a pharmacy. We strive to offer Pharmacy Technician training that allows an individual to complete training and seek employment in the shortest amount of time possible

Upon successful completion of this course, the student will receive a Certificate of Completion in the program, and Board of Pharmacy Technician Registration. PSCD has partnered with the National Healthcareer Association and each student that completes this course is eligible to sit for the ExCPT exam to become a Certified Pharmacy Technician. Students that complete this course may also sit for the National Pharmacy Technician Certification, commonly referred to as the PTCE exam offered by the PTCB to become a Certified Pharmacy Technician. These exams are not required to pass the course but is highly recommended to obtain employment in the field.

The ExCPT exam is not currently recognized in the state of South Carolina. South Carolina students are encouraged to take the PTCE exam.

Class Times/Course Dates

South Carolina Schools
****Unless Otherwise Indicated****
Friday Evenings 6pm-9pm
12 Weeks / 36 Hours

Class Schedule is located at the end of this catalog.

Classroom Format & Training Facility

Classes are conducted one evening per week, from 6:00PM – 9:00PM for twelve weeks for a total of 36 classroom hours.

The courses are held in each location's lecture/classroom area which are equipped with multimedia equipment and seats 4-24 comfortably, depending on the location. Students will work at an individual computer and office station and view slides presented by an instructor, and then have time for questions, answers, and review.

Tuition & Maximum Class Size

The total cost of the Pharmacy Technician course is \$2100.00, excluding required texts. Of that cost, \$200.00 is a deposit, due at the time Enrollment Agreement is submitted, \$100.00 of which is retainable application fee three (3) business days after signing Enrollment Agreement. It is required that payment be made in full one (1) week prior to the first day of class if no special payment arrangements have been made prior to that date. Cost subject to change without notice.

The maximum class size for this course is limited to approximately 24 people, depending on the location. A minimum enrollment of 6 students is required for the class to begin.

Tuition Refund Schedule

If a student chooses to withdraw or is terminated from this program/course for any reason, refunds will be made in accordance with the school's Refund Policy

Learning Materials

Books & Texts

The following text is required for the course.

Certified Pharmacy Technician Course by Mark Greenwald, RPh.
Student Book, 302 Pages, Published 2012 by Pharmacy Curriculum Consultants, LLC

Teaching Devices

Power Point Presentations

Top 200 Drug flash cards

Fully equipped office including computer, photocopy machine, fax, multiple phone lines

Methods of Instruction

Methods of instruction used to achieve course objectives may include, but are not limited to:

- Present lectures/discussions/demonstrations/materials in order for students to understand, find, evaluate and cite information.
- Show videos to reinforce understanding of course concepts.
- Develop and assign in-class/web-enhanced/distance learning exercises/tasks/activities such as using electronic information resources and internet search tools to provide active learning of course content.
- Invite guest lecturers to class to discuss topics related to information and information competency.

Methods of Evaluation

Students will be evaluated for progress in and mastery of learning objectives by methods of evaluation which may include, but are not limited to:

- Class participation and regular attendance
- Homework Assignments
- Classroom Demonstrations
- Quizzes
- Tests

Student Learning Outcomes

The student, upon successful completion of this course will have reliably demonstrated the ability to:

1. Processing and recognizing drug orders
2. The process for bringing new drugs to market through the NDA process
3. Understand the how to use the patient profile and hospital chart in drug use and monitoring

4. Order, maintain, and control pharmacy inventory
5. Differences required for handling controlled substances and their drug orders
6. Pharmacy calculations
7. Sterile product compounding
8. Pharmacology, pharmacokinetics
9. HIPAA and other regulatory mandates and laws that affect pharmacy
10. Administrative duties of the pharmacy

Course Outline

Session 1	<p>Introduction/Welcome to Course</p> <p>Lecture Topics: Chapter 1: A Brief Introduction Chapter 2: The Role of the Pharmacy Technician Chapter 3: The Patient is Our Customer Chapter 4: Pharmacy as a Regulated Profession Chapter 5: Specific Laws and Their Relation to Pharmacy Chapter 6: Non-Governmental Regulation and Audits</p> <p>Flashcards: 1-20</p> <p>Homework: Complete Session 1 Homework</p>
Session 2	<p>Review Homework</p> <p>Lecture Topics: Chapter 7: Requirements of the Pharmacy Area Chapter 8: The Drug Approval Process Chapter 9: The Naming of Drug Products Chapter 10: Legal Classifications of Medicinal Products Chapter 11: Dosage Form and Route of Administration Chapter 12: Legal and Ethical Considerations in Filling Orders Chapter 13: The OBRA Law</p> <p>Flashcards: 21-40</p> <p>Homework: Complete Session 2 Homework</p>

Session 5	<p>Review Homework</p> <p>Lecture Topics: Chapter 24: Preparation and Delivery in Retail Chapter 25: Preparation and Delivery in the Hospital Chapter 26: Methods of Ordering Pharmacy Inventory Chapter 27: Receipt of Pharmacy Inventory Chapter 28: Maintenance of Pharmacy Inventory Chapter 29: Temperature Conversions</p> <p>Flashcards: 81-100</p> <p>Homework: Complete Session 5 Homework</p>
Session 6	<p>Review Homework</p> <p>Lecture Topics: Chapter 30: Compounding Non-Sterile Products Chapter 31: Calculating Patient Payment for Prescription Medications Chapter 32: Third Party Bill Billing of Prescriptions Chapter 33: Return of Pharmaceutical Products</p> <p>Flashcards: 101-120</p> <p>Math Test Number One</p> <p>Homework: Complete Session 6 Homework</p>
Session 7	<p>Review Homework</p> <p>Lecture Topics: Chapter 34: Sterile Dosage Forms Chapter 35: Calculating Adult Dosages Chapter 36: Calculating Pediatric Dosages Chapter 37: Parenteral Calculations</p>

	<p>Flashcards: 121-140</p> <p>Section Test Number Two</p> <p>Homework: Complete Session 7 Homework</p>
Session 8	<p>Review Homework</p> <p>Lecture Topics: Chapter 38: Introduction to Equivalence Chapter 39: Organ System Review Chapter 40: Disease States and Their Associated Risk Factors Chapter 41: Introduction to Pharmacology Chapter 42: Drugs Used in the Treatment of Cardiac Conditions</p> <p>Flashcards: 141-160</p> <p>Math Test Number Two</p> <p>Homework: Complete Session 8 Homework</p>
Session 9	<p>Review Homework</p> <p>Lecture Topics: Chapter 43: Drugs Used in the Treatment of Respiratory Problems Chapter 44: Drugs Used in the Treatment of Diabetes Chapter 45: Selected Central Nervous System Drugs Chapter 46: Drugs Used in the Treatment of Gastrointestinal Conditions</p> <p>Flashcards: 161-180</p> <p>Section Test Number Three</p> <p>Homework: Complete Session 9 Homework</p>
Session 10	<p>Review Homework</p> <p>Lecture Topics: Chapter 47: Drugs Used in the Treatment of Infections Chapter 48: Introductions to Pharmacokinetics Chapter 49: Medication Therapy Management Chapter 50: Dietary Supplements</p> <p>Flashcards: 181-200</p> <p>Math Test Number Three</p> <p>Homework: Complete Session 10 Homework</p>
Session 11	<p>Review Homework</p>

	<p>Lecture Topics: Chapter 51: Immunization Services in the Pharmacy Chapter 52: Pharmacy Administration Chapter 53: Maintaining a Safe Work Environment Chapter 54: Reducing Medication Errors</p> <p>State Specific Law Lecture</p> <p>Review Session</p> <p>Homework: Complete Session 11 Homework</p>
Session 12	<p>Review Homework</p> <p>Final Exam</p>

Medical Administrative Assisting Course

About The Field

Medical Administrative Assistants are important in the daily operations of healthcare service providers. They are responsible for managing the front offices of medical facilities, physician's practices, hospitals and nursing homes. Professionals in this field greet patients, update medical histories, transcribe treatment notes, arrange appointments, and process insurance information. A strong understanding of medical terminology, industry related computer software and applications are required.

Goals and Objectives

Palmetto School of Career Development (PSCD) realizes that there is a high demand for Medical Administrative Assistants across the country. The U.S. Department of Labor lists this profession in its list of the top 50 occupations with the largest employment ranking at number 4. Healthcare service providers are often forced to hire individuals with little or no training and experience and then provide them with on-the-job training. PSCD has created a training program to meet the demands of the Healthcare community. Our goal is to prepare students to go from the classroom to the workplace quickly, by providing them with the knowledge and skills needed to be successful as a Medical Administrative Assistant.

It is the objective of PSCD to provide training that focuses solely on the fundamental skills and knowledge required to work in an administrative capacity in a healthcare setting. We strive to offer Medical Administrative Assistant training that allows an individual to complete training and seek employment in the shortest amount of time possible.

Upon successful completion of the course, the student will receive a Certificate of Completion designating the student as a Medical Administrative Assistant. PSCD has partnered with the National Healthcareer Association and each student that completes this course will register to sit for the CMAA Exam which will allow the student to become a Certified Medical Administrative Assistant. This exam is not required to pass the course but is highly recommended to obtain employment in the field.

Class Times/Course Dates

- Tests

Student Learning Outcomes

The student, upon successful completion of this course will have reliably demonstrated the ability to:

1. Understand the Healthcare Industry
2. Learn Medical Ethics and Law
3. Understand the how to use the Medical Computer software
4. Patient Reception, Processing and Scheduling
5. The Paper and Electronic Medical Record
6. Health Information Management
7. Basics of Diagnostic and Procedural Coding
8. Basics of Health Insurance and Claim Forms

- 9. Medical Practice Management
- 10. Billing and Collecting
- 11. Resume Writing and Interviewing Techniques

Class Number: Name, & Description

Orientation	<p>Receive Student Materials and fill out all appropriate forms. Receive Sims Chart Course ID from instructor</p> <p>Homework: Textbook: Read Chapters 1-2 Workbook: Complete Chapters 1-2</p>
Week 1: Lesson 1	<p>Review Homework – Chapters 1-2 in Workbook</p> <p>Lecture Topics: Chapter 1: The Professional Medical Assistant and the Healthcare Team Chapter 2: Therapeutic Communication</p> <p>Quiz: Chapters 1-2</p> <p>SimChart: Ensure you are able to log in to SimChart</p> <p>Homework: Textbook: Read Chapters 3-5 Workbook: Complete Chapters 3-5</p>
Week 1: Lesson 2	<p>Review Homework – Chapters 3-5 in Workbook</p> <p>Lecture Topics: Chapter 3: Legal Principles Chapter 4: Healthcare Laws Chapter 5: Healthcare Ethics</p> <p>Quiz: Chapters 3-5</p> <p>SimChart: Review and discuss the Following Patient Forms in the Form Repository. <ul style="list-style-type: none"> • Advance Directive (Click Print to Bring Up Form) • General Procedure Consent • Medical Records Release Complete Assignment 6 <ul style="list-style-type: none"> • Prepare Medical Records Release Form for Daniel Miller </p> <p>Homework: No homework. Students will review HIPAA and OSHA during the next class.</p>

<p>Week 2: Lesson 3</p>	<p>Lecture Topics: HIPAA – Compliance Presentation OSHA – Video Presentation</p> <p>Quiz: HIPAA and OSHA</p> <p>SimChart: Review and discuss the Following Patient Forms in the Form Repository.</p> <ul style="list-style-type: none"> • Disclosure Authorization • Notice of Privacy Practice (Click Print to Bring Up Form) • Patient Bill of Rights (Click Print to Bring Up Form) <p>Complete Assignment 12</p> <ul style="list-style-type: none"> • Complete New Patient Registration for Malcom Little. <p>Homework: Textbook: Read Chapters 6-7 Workbook: Complete Chapters 6-7</p>
<p>Week 2: Lesson 4</p>	<p>Review Homework – Chapters 6-7 in Workbook</p> <p>Lecture Topics: Chapter 6 – Introduction to Anatomy and Medical Terminology Chapter 7 – Patient Coaching</p> <p>Quiz: Chapters 6-7</p> <p>Homework: Textbook: Read Chapter 8-10 Workbook: Complete Chapters 8-10</p>
<p>Week 3: Lesson 5</p>	<p>Review Homework – Chapter 8-10 in Workbook</p> <p>Lecture Topics: Chapter 8 – Technology Chapter 9 – Written Communication Chapter 10 – Telephone Techniques</p> <p>Quiz: Chapter 8-10</p> <p>SimChart: Complete Assignment 17</p> <ul style="list-style-type: none"> • Send Missed Appointment Email to Ella Rainwater <p>Complete Assignment 19</p> <ul style="list-style-type: none"> • Prepare Referral Form for Ella Rainwater <p>Homework: Textbook:</p>

	<p>Read Chapters 11 Workbook: Complete Chapter 11</p>
Week 3: Lesson 6	<p>Review Homework – Chapters 11 in Workbook</p> <p>Lecture Topics: Chapter 11 – Scheduling Appointments and Patient Processing</p> <p>Quiz: Chapters 11</p> <p>SimChart: Complete Assignment 3 <ul style="list-style-type: none"> • Prepare Scheduling Matrix Complete Assignment 16 <ul style="list-style-type: none"> • Schedule Appointment and Prepare Appointment Reminder Letter for Anna Richardson </p> <p>Homework: Textbook: Read Chapter 12-13 Workbook: Complete Chapter 12-13</p>
Week 4: Lesson 7	<p>Review Homework – Chapters 12-13 in Workbook</p> <p>Lecture Topics: Chapter 12 – Health Records Chapter 13 – Daily Operations and Safety</p> <p>Quiz: Chapters 12-13</p> <p>SimChart: Complete Assignment 11 <ul style="list-style-type: none"> • Complete Office Inventory Form Complete Assignment 13 <ul style="list-style-type: none"> • Update Patient Demographics and Complete Advance Directive Form for Amma Patel Complete Assignment 18 <ul style="list-style-type: none"> • Complete New Patient Registration and Schedule Appointment for Lisa Rae </p> <p>Homework: Study for Midterm Exam</p>
Week 4: Lesson 8	<p>Lecture Topics One Hour Midterm Review</p> <p>Quiz: Midterm Exam (75 Questions)</p>

	<p>Homework: Textbook: Read Chapters 14-15 Workbook: Complete Chapters 14-15 (helpful homework hint: Use the TRUECODE in SimsChart to find codes for your homework, instructions on how to use Truecode is in your textbook)</p>
Week 5: Lesson 9	<p>Review Homework – Chapters 14-15 in Workbook</p> <p>Lecture Topics: Chapter 14 -Principles of Pharmacology Chapter 15 – Health Insurance Essentials</p> <p>Quiz: Chapters 14-15</p> <p>SimChart: Complete Assignment 34 • Document Medications for Al Neviaser Complete Assignment 35 • Document Immunizations and Medications for Diego Lupez</p> <p>Homework: Textbook: Read Chapter 16 Workbook: Complete Chapter 16 (helpful homework hint: Use the TRUECODE in SimsChart to find codes for your homework, instructions on how to use Truecode is in your textbook)</p>
Week 5: Lesson 10	<p>Review Homework – Chapter 16 in Workbook</p> <p>Lecture Topics: Chapter 16 – Diagnostic Coding Essentials</p> <p>Quiz: Chapter 16</p> <p>SimChart: Complete Assignment 62 • Document Progress Note and Submit Superbill for Walter Biller Complete Assignment 72 • Document Order, Complete Superbill, and Post Payment to Ledger for Carl Bowden</p> <p>Homework: Textbook: Read Chapter 17</p>

	<p>Workbook: Complete Chapters 17</p>
Week 6: Lesson 11	<p>Collect Homework – Chapter 17 in Workbook</p> <p>Lecture Topics: Chapter 17 – Procedural Coding Essentials</p> <p>Quiz: Chapter 17</p> <p>SimChart: Complete Assignment 101 <ul style="list-style-type: none"> • Generate Phone Message and Physical Activity Order for Amma Patel Complete Assignment 103 <ul style="list-style-type: none"> • Generate Phone Message and Radiology Order for Ken Thomas Complete Assignment 106 <ul style="list-style-type: none"> • Generate a Prior Authorization for Ken Thomas </p> <p>Homework: Textbook: Read Chapters 18-19 Workbook: Complete Chapters 18-19</p>
Week 6: Lesson 12	<p>Review Homework – Chapters 18-19 in Workbook Register for CMAA Exam</p> <p>Lecture Topics: Chapter 18 – Medical Billing and Reimbursement Essentials Chapter 19 – Patient Accounts and Practice Management</p> <p>Quiz: Chapters 18-19</p> <p>SimChart: Complete Assignment 89 <ul style="list-style-type: none"> • Post Insurance Payments to Ledger for Al Neviasser Complete Assignment 92 <ul style="list-style-type: none"> • Prepare Patient Statement for Janine Butler Complete Assignment 104 <ul style="list-style-type: none"> • Create an Insurance Claim Tracer for Ella Rainwater </p> <p>Homework: Textbook: Read Chapters 20-21 Workbook: Complete Chapter 20-21</p>
Week 7: Lesson 13	<p>Review Homework – Chapters 20-21 in Workbook</p>

	<p>Lecture Topics: Chapter 20 – Advanced Roles in Administration Chapter 21 – Medical Emergencies</p> <p>Quiz: Chapters 20-21</p> <p>SimChart: Complete Assignment 76 <ul style="list-style-type: none"> • Post Payment to Ledger for Walter Biller and Update Day Sheet Complete Assignment 79 <ul style="list-style-type: none"> • Post Partial Payment to Ledger for Amma Patel Complete Assignment 90 <ul style="list-style-type: none"> • Update Ledger for Diego Lupez </p> <p>Homework: Textbook: Read Chapter 22 Workbook: Complete Chapter 22</p>
<p>Week 7: Lesson 14</p>	<p>Review Homework – Chapter 22 in Workbook</p> <p>Lecture Topics: Chapter 22 – Skills and Strategies</p> <p>Resumes: Have a classmate review your resume and offer suggestions on how it may be strengthened.</p> <p>Mock Interview: Complete Mock Interview with a classmate. Use the Mock Interview Questions in your Student Spiral.</p> <p>Quiz: Chapter 22</p> <p>SimChart: Complete Assignment 7 <ul style="list-style-type: none"> • Complete Incident Report for Celia Tapia Complete Assignment 8 <ul style="list-style-type: none"> • Complete Incident Report for Employee Complete Assignment 21 <ul style="list-style-type: none"> • Schedule Appointment and Order X-Ray for Mora Siever Complete Assignment 25 <ul style="list-style-type: none"> • Upload Test Results and Prepare Lab Results Letter for Julia Berkley </p> <p>Homework: Textbook: None Workbook: None</p>

Week 8: Lesson 15	<p>Review Homework – None</p> <p>Register for the upcoming CMAA Exam if you haven't already.</p> <p>Lecture Topics: CMAA and Final Exam Review Session</p> <p>Homework: Study for Final Exam; Email final copy of Resume to Career Advisor and placement@palmettoschool.com</p>
Week 9: Lesson 16	<p>Lecture Topics: One Hour Final Exam Review</p> <p>Quiz: Final Exam (75 Questions)</p>

Medical Billing and Coding

About The Field

Medical Billing and Coding is important in the daily operations of healthcare service providers. They are responsible for ensuring healthcare providers receive payment for their services by efficiently transmitting important data. A medical coder is responsible for translating a provider's report of the patient's visit into numeric and/or alphanumeric code. A medical biller can then take the information and create a claim to send to the insurance company. A strong understanding of medical terminology, industry related computer software and applications are required.

Goals and Objectives

Palmetto School of Career Development (PSCD) realizes that there is a high demand for Medical Billers and Coders across the country. PSCD has created a training program to meet the demands of the Healthcare community. Our goal is to prepare students to go from the classroom to the workplace quickly, by providing them with the knowledge and skills needed to be successful as a Medical Biller and Coder.

It is the objective of PSCD to provide training that focuses solely on the fundamental skills and knowledge required to work in a billing and coding capacity in a healthcare setting. We strive to offer Medical Billing and Coding training that allows an individual to complete training and seek employment in the shortest amount of time possible. Upon completion of the Medical Billing and Coding program, our students can also seek multiple certifications offered by different organizations.

Upon successful completion of the course, the student is eligible to receive a Certificate of Completion designating the student as a Medical Biller and Coder. PSCD has partnered with the National Healthcareer Association and each student that completes this course will register to sit for the CBCS exam which will designate the student as a Certified Billing and Coding Specialist. This exam is not required to pass the course but is highly recommended to obtain employment in the field.

Class Times/Course Dates

South Carolina Schools

PM-Monday and Wednesday Evenings 5:30pm-9:30pm

12 Weeks / 96 Hours

Class Schedule is located at the end of this catalog.

Classroom Format & Training Facility

The courses are held in each location's lecture/classroom area which are equipped with multimedia equipment and seats 4-24 comfortably, depending on the location. Students will work at an individual computer and office station and view slides presented by an instructor, and then have time for questions, answers, and review.

Tuition & Maximum Class Size

The total cost of the Medical Billing and Coding course is \$3500.00, excluding required texts. Of that cost, \$200.00 is a deposit, due at the time Enrollment Agreement is submitted, \$100.00 of which is a retainable application fee three (3) business days after signing Enrollment Agreement. It is required that payment be made in full one (1) week prior to the first day of class if no special payment arrangements have been made prior to that date. Cost subject to change without notice.

The maximum class size for this course is limited to approximately 24 people, depending on the location. A minimum enrollment of 6 students is required for the class to begin.

Tuition Refund Schedule

If a student chooses to withdraw or is terminated from this program/course for any reason, refunds will be made in accordance with the school's Refund Policy.

Learning Materials

Books & Texts

The following text is required for the course.

Step-By-Step Medical Coding, 2020 Edition Text and Workbook Package, Edition: 2020, Carol J. Buck, Elsevier, 2020, ISBN: 978032339382

Medical Billing 101, Edition: 2nd Edition, Clack, Renfroe, and Rimmer, Cengage, 2015, ISBN: 9781133936817

Students can also purchase the following professional coding spirals to keep or they can opt to use the coding spirals at the school during class time.

2020 ICD-10-HCPCS-CPT Coding Spirals, 2020 Edition, Edition: 2020, ISBN: 9780323525916

Teaching Devices

Power Point Presentations

Study Guide

Fully equipped office including computer, photocopy machine, fax, multiple phone lines

Methods of Instruction

Methods of instruction used to achieve course objectives may include, but are not limited to:

- Present lectures/discussions/demonstrations/materials in order for students to understand, find, evaluate and cite information.
- Show videos to reinforce understanding of course concepts.
- Use computer software programs, online-tutorials and digital study guide for active learning of course content.
- Invite guest lecturers to class to discuss topics related to information and information competency.

Methods of Evaluation

Students will be evaluated for progress in and mastery of learning objectives by methods of evaluation which may include, but are not limited to:

- Class participation and regular attendance
- Homework Assignments
- Classroom Demonstrations
- Quizzes
- Tests

Student Learning Outcomes

The student, upon successful completion of this course will have reliably demonstrated the ability to:

- Discuss the importance of HIPAA and Compliance regulations
- Accurately complete CMS1500 claim forms
- Perform the 10 steps in the billing cycle
- Perform physician diagnostic coding and procedural coding
- Explain the structures and format of the ICD-10-CM, CPT and HCPCS manuals

Medical Billing and Coding
Course Breakdown

WEEK 1	SESSION 1	<p>Introduction/Welcome to Course</p> <p>Lecture: Billing 101- Chapter 1 Working as a Provider Base Medical Biller Billing 101- Chapter 2 Overview of the Health Insurance Payment Systems Step By Step- Chapter 1 Reimbursement, HIPAA and Compliance</p> <p>In Class Assignment: Step By Step Exercises 1-1 thru 1-4</p> <p>Homework: Billing 101 Chapter 1 Review- pages 6-7 Billing 101 Chapter 2 Review- pages 18-19 Step By Step Workbook Chapter 1- pages 1-4</p>
	SESSION 2	<p>Exam 1- Billing 101 Chapters 1-2 and Step By Step Chapter 1</p> <p>Review Homework</p> <p>In Class Assignment: Step By Step Online Activities 1-1 thru 1-2</p>
WEEK 2	SESSION 3	<p>Lecture: Step By Step- Chapter 2 An Overview of ICD-10-CM Step By Step- Chapter 3 ICD-10-CM Outpatient Coding and Reporting Guidelines Step By Step- Chapter 4 Using ICD-10-CM</p> <p>In Class Assignment: Step By Step Chapter Review 2-4</p> <p>Homework: Step By Step Workbook Chapter 2 pages 5-8 Step By Step Workbook Chapter 3 pages 9-14 Step By Step Workbook Chapter 4 pages 15-18</p> <p>Email Resume to placement@palmettoschool.com</p>
	SESSION 4	<p>Exam 2- Step By Step Chapters 2-4</p> <p>Review Homework</p>

		In Class Assignment: Step By Step Online Activities 2-1 thru 4-2
WEEK 3	SESSION 5	Lecture: Step By Step- Chapter 5 Chapter specific Guidelines (Chapters 1-10) Step By Step- Chapter 6 Chapter specific Guidelines (Chapters 11-14) Step By Step- Chapter 7 Chapter specific Guidelines (Chapters 15-21) In Class Assignment: Step By Step Chapter Review 5-6 Homework: Step By Step Workbook Chapter 5 pages 19-25 (even numbers only) Step By Step Workbook Chapter 6 pages 27-31 (even numbers only) Step By Step Workbook Chapter 7 pages 33-38 (even numbers only)
	SESSION 6	Exam 3- Step By Step Chapters 5-7 Review Homework In Class Assignment: Step By Step Online Activities 5-1 thru 7-2
WEEK 4	SESSION 7	Lecture: Step By Step- Chapter 8 Introduction to CPT Step By Step- Chapter 9 Introduction to the Level II National Codes (HCPCS) Step By Step- Chapter 10 Modifiers In Class Assignment: Step By Step Chapter Review 8-10 Homework: Step By Step Workbook Chapter 8 pages 39-41 (even numbers only) Step By Step Workbook Chapter 9 pages 43-45 (even numbers only) Step By Step Workbook Chapter 10 pages 47-50 (even numbers only)
	SESSION 8	Exam 4- Step By Step Chapters 9-10 Review Homework In Class Assignment: Step By Step Online Activities 8-1 thru 10-2
WEEK 5	SESSION 9	Lecture:

	<p>SESSION 10</p>	<p>Step By Step- Chapter 11 Evaluation and Management Step By Step- Chapter 12 Anesthesia Step By Step- Chapter 13 Surgery Guidelines and General Surgery</p> <p>In Class Assignment: Step By Step Chapter Review 11-13</p> <p>Homework: Step By Step Workbook Chapter 11 pages 51-64 (even numbers only) Step By Step Workbook Chapter 12 pages 65-68 (even numbers only) Step By Step Workbook Chapter 13 pages 69-71 (even numbers only)</p> <hr/> <p>Exam 5- Step By Step Chapters 11-13</p> <p>Review Homework</p> <p>In Class Assignment: Step By Step Online Activities 11-1 thru 13-2</p> <p>Lecture: Introduction to Medical Terminology and Anatomy</p>
WEEK 6	<p>SESSION 11</p> <hr/> <p>SESSION 12</p>	<p>Lecture: Step By Step- Chapter 14 Integumentary System Step By Step- Chapter 15 Musculoskeletal System Step By Step- Chapter 16 Respiratory System</p> <p>In Class Assignment: Step By Step Chapter Review 14-16</p> <p>Homework: Medical Terminology and Anatomy Packet Step By Step Workbook Chapter 14 pages 73-78 (even numbers only) Step By Step Workbook Chapter 15 pages 79-85 (even numbers only) Step By Step Workbook Chapter 16 pages 87-92 (even numbers only)</p> <hr/> <p>Cumulative Midterm Exam</p> <p>Review Homework</p> <p>In Class Assignment:</p>

		Step By Step Online Activities 14-1 thru 16-2
WEEK 7	SESSION 13	<p>Lecture: Step By Step- Chapter 17 Cardiovascular System Step By Step- Chapter 18 Hemic, Lymphatic System Step By Step- Chapter 19 Digestive System</p> <p>In Class Assignment: Step By Step Chapter Review 17-19</p> <p>Homework: Medical Terminology and Anatomy Packet Step By Step Workbook Chapter 17 pages 93-99 (even numbers only) Step By Step Workbook Chapter 18 pages 101-104 (even numbers only) Step By Step Workbook Chapter 16 pages 105-110 (even numbers only)</p>
	SESSION 14	<p>Exam 7- Step By Step Chapters 17-19</p> <p>Review Homework</p> <p>In Class Assignment: Step By Step Online Activities 17-1 thru 19-2</p>
WEEK 8	SESSION 15	<p>Lecture: Step By Step- Chapter 20 Urinary and Male Genital System Step By Step- Chapter 21 Reproductive System Step By Step- Chapter 22 Endocrine System</p> <p>In Class Assignment: Step By Step Chapter Review 20-22</p> <p>Homework: Medical Terminology and Anatomy Packet Step By Step Workbook Chapter 20 pages 111-117 (even numbers only) Step By Step Workbook Chapter 21 pages 119-124 (even numbers only) Step By Step Workbook Chapter 22 pages 125-127 (even numbers only)</p>
	SESSION 16	<p>Exam 8- Step By Step Chapters 20-22</p> <p>Review Homework</p>

		In Class Assignment: Step By Step Online Activities 20-1 thru 22-2
WEEK 9	SESSION 17	Lecture: Step By Step- Chapter 23 Eye, Ocular Step By Step- Chapter 24 Radiology Step By Step- Chapter 25 Pathology/Laboratory In Class Assignment: Step By Step Chapter Review 23-25 Homework: Medical Terminology and Anatomy Packet Step By Step Workbook Chapter 23 pages 129-132 (even numbers only) Step By Step Workbook Chapter 24 pages 133-139 (even numbers only)
	SESSION 18	Step By Step Workbook Chapter 25 pages 141-145 (even numbers only)
		Exam 9- Step By Step Chapters 23-25 Review Homework In Class Assignment: Step By Step Online Activities 23-1 thru 25-2
WEEK 10	SESSION 19	Lecture: Step By Step- Chapter 26 Medicine Billing 101- Chapter 5 The Heart of Medical Billing (CMS1500 Form) Billing 101- Chapter 8 Electronic Claims Submission and Clearinghouse In Class Assignment: Step By Step Chapter Review 26 CMS1500 Exercise Homework: Medical Terminology and Anatomy Packet Step By Step Workbook Chapter 26 pages 147-152 (even numbers only)
	SESSION 20	Billing 101 Chapter 5 Review- page 64 Billing 101 Chapter 8 Review- pages 95-96
		Exam 10- Step By Step Chapter 26 and Billing 101 Chapters 5 & 8 Review Homework

		<p>In Class Assignment: Step By Step Online Activities 26-1 thru 26-2 Billing 101 CMS1500 Case Studies 1-1 thru 12-2</p>
WEEK 11	SESSION 21	<p>Lecture: Billing 101- Chapter 9 EOBs and Payments Billing 101- Chapter 10 Denials and Appeals Billing 101- Chapter 11 Maintaining Accounts Receivable Billing 101- Chapter 12 Collections and the State Insurance Commissioner</p> <p>In Class Assignment: Billing 101 CMS1500 Case Studies 13-1 thru 25-2 Understanding EOBs and Patients Responsibility Exercise</p> <p>Homework: Billing 101 Chapter 9 Review- pages 104-108 Billing 101 Chapter 10 Review- pages 116-117 Billing 101 Chapter 11 Review- pages 125-127 Billing 101 Chapter 12 Review- pages 143-144</p>
	SESSION 22	<p>Exam 11- Billing 101 Chapters 9-12</p> <p>Review Homework In Class Assignment: Resume Building and Interview Skills</p> <p>Email Resume to</p>
